PRE-COMPETITIVE PROGRAMS

Our YMCA offers both Dolphin Club and Pre-Team as pre-competitive programs before a swimmer may be ready to swim competitively. These programs are geared to strengthen a swimmer's skills, and in turn prepare them for trying out for our competitive swim team.

Swimmers work with our swim team coaching staff to build endurance, refine all competitive strokes and build a strong racing foundation.

DOLPHIN SWIM TEAM

About Our Team:

The Dolphin Swim Team is the ideal environment in which your child can have fun while swimming competitively. This healthy, lifetime sport promotes team spirit as well as individual success.

Our Head Coach, Josh Wing, has over 20 years of experience when it comes to training competitive swimmers of all ages. Josh, as well as, the entire coaching staff, are committed to the YMCA's mission of developing well-rounded individuals who enjoy competition and good sportsmanship.

The Dolphin Swim Team concentrates on technique, strength and endurance throughout regularly attended practice sessions. Training is enhanced by the use of practice equipment and supervised dryland training at the appropriate age level.

As the season progresses, additional emphasis is placed on improving times while participating in Dual and Individual Meets. The Dolphins have two dual meet teams: a boys team and a girls team to give swimmers more opportunities to race and improve.

Our team is committed to building lifelong friendships both in and out of the water. We hold special events throughout the season so that swimmers and families get to spend time together outside the pool. These outings help our team to develop long lasting friendships and a sense of team spirit.
